

Shanghai's Last Air Link Cut; Sea Lane Menaced

Great Fires Blaze as Reds Make Strong Drive for City

Shanghai, May 21 (AP)—Shanghai today was cut off by air, her sea lane was menaced, and great fires blazed across the river to the east and north where Red besiegers are on the attack.

One of the fires burned at the Standard Vacuum depot on Gough Island, eight miles north of downtown Shanghai. At least one tank was ablaze at this biggest oil installation in East Asia.

Lungwha air port, five miles to the south, suspended operations. The menace of nearby Red artillery was too great. Officials said, however, flights might be resumed later in the day.

Despite the suspension, a Chinese National Aviation Corporation plane from Tokyo made a two-minute landing to the crackle of small arms fire nearby.

Peekskill Man Thore

It hastily discharged A. S. Brown, Peekskill, N. Y., now fiscal officer for the U. S. Consulate. John Stutesman, Mendham, N. J., the vice-consul, then got aboard and the plane roared off for Hong Kong. Stutesman is headed for home on leave.

Three Chinese civilian planes at the airport were commandeered by the military. They were standing by to take out biggies (high Chinese officials still in Shanghai).

The garrison commander ordered all but military traffic off the Wangpoo—Shanghai's sea lane—during afternoon hours. Red small arms fire has been hitting junks and sampans on the river.

The fighting ebbed and flowed around Footing, the industrial district across the Whangpoo from Shanghai. It raged through the night. It continued under soggy skies this morning.

27 Fires Cited

At one time last night, 27 fires could be counted in and beyond the Footing district.

It was feared the Standard Vacuum fire might spread to other tanks there and to the neighboring Texas Company installations.

Communist troops were reported to have infiltrated Gough Island and the fire resulted.

It is becoming increasingly difficult to obtain dependable information. However, it was learned that the fortress of Wusung 10 miles to the north still is being defended doggedly against attack from the west.

Ships moving between Shanghai and Wusung run the risk of small arms fire at several points. Aside from the junks and sampans, there have been no reports of anyone on ships being wounded.

Great Red Swarm

This guarded dispatch, written under censorship, indicates the Communists are on or near the river in greater numbers than the garrison has ever conceded.

Communist troops were being shifted from one point on Shanghai's defense perimeter to another. There was no evidence any were pulling out from Shanghai. Indeed one rumor said reinforcements were on the way.

An hours-old communique said the Communists were retreating from some forward positions. A news blackout obscured the remainder of the broad South China front. Both sides were silent on the progress of three Red prongs jabbing deep into the south.

Reports Auto Damaged

Walter Daw, 37 Lucas avenue, reported to police Friday at 6:30 p. m. that his automobile was struck and damaged by an unknown vehicle while it was parked on Ann street. The left headlight was broken and the grille and fender of the Daw automobile were damaged, police reported.

Realtor Is Held On Bank Swindle

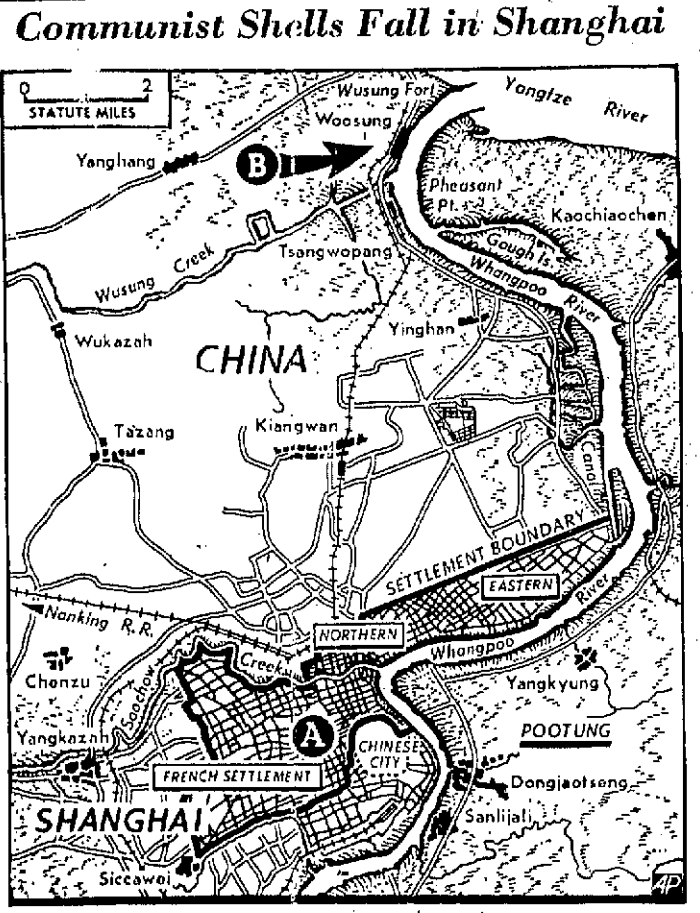

White Plains, N. Y., May 21 (AP)—A bit of mathematical sleight-of-hand, which allegedly netted \$17,345 in one day, has resulted in three first-degree grand larceny charges against a real estate operator.

Roy L. Fox, surrendered to authorities yesterday, after he was accused of repeatedly fleecing the County Trust Company here with his figure juggling. He later was released in \$10,000 bail.

District Attorney James K. Page said the alleged ruse worked this way:

Fox would enter the bank, show a bank official his deposit slip, and a check equal to the deposit, and say he wanted to make a withdrawal. After getting the official's approval initialed on the slip, he would add an extra figure to the deposit sum, write out a

Four high explosive shells, presumably from Red batteries east of the city, killed at least six Chinese and injured a number of others. A Shanghai garrison communique said the Communist reopened the attack in the Wusung sector (B) but were beaten back after trying to seize the government radio transmitter there.

Says Spending Cut Needed, But Can't See GOP Program

Senate Leader Declares Democrats Will Find Own Way; Fourth Economy Block

Washington, May 21 (AP)—Senate Democratic Leader Lucas said today there will have to be either a tax increase or a cut in federal spending—preferably the latter.

But he made it clear he still is against the Republican-led drive—so far unsuccessful—to trim each appropriation bill by at least five per cent.

"That economy move was blocked for the fourth straight time late yesterday when the Senate, by voice vote, passed and shipped back to the House a bill carrying \$751,000,000—nearly all of it for flood control and river and harbor projects.

The Senate total is \$158,000,000 more than the House voted and \$21,000,000 less than President Truman wanted.

The Senate balked down a proposed five per cent cut in its figure by a vote of 44 to 33. It killed a 10 per cent reduction amendment, 48 to 29. And it swamped, 59 to 15, a proposal by Democratic Senator Douglas (D-Ill.) to slash the fund 40 per cent to \$900,000,000.

The five per cent cut proposal was sponsored by Senator Wherry (Neb.), the Republican leader. Senator Ferguson (R-Mich.) proposed the 10 per cent reduction. Lucas, opposing what he called

Tornadoes Whip Nation's Midsection; Two Are Killed

(By The Associated Press)

Tornadoes whiplashed four states across the nation's midsection Friday night.

Two persons were killed. Nearly a score were injured. Property damage was unestimated.

Harshest hit was Oklahoma. But twisters flicked out at scattered communities in Colorado, Kansas and far across the Mississippi valley, caught two small eastern Tennessee communities.

The Kansas City Weather Bureau blamed the mad May disturbances—It was Oklahoma's fourth straight night of twisters, a deep low pressure "trough" running up through northwestern Oklahoma to Nebraska.

In addition to the tornadoes that struck, perhaps a dozen others were seen whirling just above the land in the sparsely settled plains country.

Most of the communities hit were small. In Oklahoma there was damage reported at Jalko, Beaver, Calshy, Cherokee, Gage, Jet, Nash, Shattuck, Waynoka, Woodward and Yewed.

Blows in Kansas were reported at Chase, Gorman, Rozel, Wilmore and in the countryside near Garden City, Scott City and Salina. The Colorado tornado whirled up Black Wolf canyon near Wray in the northeastern corner of the state and vanished into Nebraska.

Railroads, Unions Sign Agreements

Washington, May 21 (AP)—The National Mediation Board said today agreements signed by the nation's railroads and five unions in Chicago are "a major contribution to amicable (labor) relations."

The agreements were signed yesterday between the railroads and unions representing locomotive engineers, firemen and conductors, trainmen, and switchmen. They aim at speedier settlements of disputes over interpreting contracts under the Railway Labor Act.

Thousands of such disputes have piled up. Some cases were not settled for years.

Attorney Groves Dies in His Office

Cerebral Hemorrhage Is Fatal to Former County Official

Robert Gordon Groves, 58, prominent lawyer and former county attorney, died suddenly about 4 p. m. Friday in his office at 280 Wall street.

Coroner Ernest A. Kelly attributed the death to a cerebral hemorrhage.

During a legal career that started in 1914 in the Walter Gill offices at 12 East Strand, he had served as special city judge for three and one half years during the judgeship of Supreme Court Justice Harry E. Schirick; as county attorney for six and one half years from June 6, 1927, and as a member of the Board of Water Commissioners in 1935 and trustee and attorney for the Ulster County Savings Institution. Politically he was a Republican.

After serving 15 months in the Third Naval District during World War I, he received his discharge and resumed the practice of law, establishing his own practice in 1920 at 6 Broadway in Kingston.

He was born in Kingston, N. Y., in 1891. He was the son of the late John J. and Elizabeth Forde Groves. He was married to Jennie Cornelius Fisher on October 17, 1929, in New York city.

Besides his wife, he leaves a son, Robert Gordon Groves, Jr., a daughter, Martine Elizabeth Groves, and a sister, Anna, widow of Edgar E. Becker.

Mr. Groves, who worked as a ground hand and lineman for the New York Telephone Company and also with the State Highway Department. He was educated in the public school system of Kingston, Ulster Academy and the Albany Law School, being admitted to the bar on September 16, 1914.

He was a member of the Holy Cross Church, where he was affiliated with Mount Lodge 343, Mount Horeb Chapter, Ancient City Council, Roundout Commandery and Cyprus Temple of Albany. He was a member of the Holy Cross Church and the American Legion.

Funeral services will be held at the late residence, 155 Manor avenue, Tuesday, at 10 a. m., and at the Holy Cross Church where a high Mass of requiem will be offered at 10:30 a. m. Roudout Lodge will conduct services Monday at 7 p. m.

Friends may call at the A. Carver and Son Funeral Home, 1 Pearl street, any time Sunday and Monday between the hours of 2 and 4 p. m., and 7:30 and 9 p. m. It is requested that flowers be omitted.

Burial will be in Montrose Cemetery.

Italian Farmers Warned

Rome, May 21 (AP)—The Italian government warned it will "take all measures to guarantee freedom of work" as a spreading strike of farmhands went into its fourth day and disorders increased. Adding to the tension, Milan's Communist-dominated chamber of labor called a two-hour general strike today in Milan and province to protest the slaying of a farmhand at the neighboring village of Moggio yesterday. This was the second death since the strike started Wednesday. The strikers demand a national contract granting better working conditions on farms.

Look for Two Jets

Williams Air Force Base, Ariz., May 21 (AP)—Search is under way today for two F-80 jet fighter planes, missing while on a routine training flight between Florence and Tucson, Ariz. Pilots returning to base here reported seeing a flash in the sky at 9:21 p. m. last night. Base officials fear the two single-seated aircraft may have collided during a squall two weeks ago. Capicotto's body was recovered several days ago. A third youth, Charles Fullerton, Jr., 19, also of Newburgh, reached shore safely after swimming for more than an hour.

Not So, They Say

London, May 21 (AP)—Circles close to Princess Elizabeth pooh-poohed today a report published in Sydney, Australia, that she may become a mother again by the end of the year. Persons close to the princess said she will be riding horseback on June 9 at the troop review of the colors in honor of the King's birthday. Princess Elizabeth and Prince Philip became the parents of their first child, Prince Charles, on November 14.

M.J.M. Principal Resigns; Accepts New Jersey Post

Clifford Rall Here Since 1946; Formerly With Kerhonkson and Saugerties

Clifford L. Rall, who has been principal of the Myron J. Michael School since the retirement of Major Frank L. Meagher in 1946, has accepted a position as principal of an elementary and junior high school at Montclair, N. J. Action on the resignation probably will be taken by the Board of Education at its next meeting.

Mr. Rall was in New York today and further details were not available.

Mr. Rall was supervising principal at the Kerhonkson school, prior to coming to Kingston. He also taught one year at Saugerties. A graduate of Troy High School, Mr. Rall was a former employee of the General Electric at Schenectady and had graduated from the G.E. Drafting School there. He was with G.E. four years and then entered the New York State College for Teachers from which he was graduated in 1935 with a B.A. degree. He continued his studies at the same college and in 1940 received his M.A. degree.

For three years Mr. Rall served in the Naval Air Corps both at home and in foreign service. He was director of education at the Quonset Point Naval Air Station, Mr. Rall is married and has two children.

Governor Says He Can't Aid Jailed Vets

Rutland, Vt., May 21 (AP)—Hope of executive intervention faded today for three veterans jailed as poor debtors under a century old Vermont law.

Governor Ernest W. Gibson said he has no legal authority to move for the release of the former G.I.s. Two are combat veterans and were German prisoners of war.

The three—Ralph J. Fugatt, 29, of Springfield, Mass., Bernard J. Smith, 23, of Fairhaven, Vt., and Frederick L. Lapan, 34, of Marshfield, Vt.—were committed for non-payment of court awards in automobile accident cases.

Legal authorities said it was possible—although not probable—for them to spend the rest of their lives in jail under the law, if the judgments are not satisfied.

Smith and Fugatt owe about \$2,000 each; Lapan \$475.

The governor said in an interview at Springfield, Mass., last night that he does not have power to intervene in civil actions.

Prefers Labor Bill Work

Washington, May 21 (AP)—Senator Elbert Thomas (D-Utah) today turned down a presidential assignment abroad—a fresh indication that the Senate will take the next turn at attempts to repeal the Taft-Hartley labor law. Thomas, who heads the Senate Labor Committee and is chief author of the administration's substitute for the T-H Act, said he decided not to attend the international labor organization conference in Geneva as an American representative. "I told the President that I believe the labor bill, health, wage and hour and other legislation made my going to Geneva unwise," Thomas told a reporter.

Body Is Recovered

West Point, N. Y., May 21 (AP)—The body of Walter Porter, 21, of Newburgh, N. Y., one of two youths drowned after their canoe capsized, was recovered yesterday from the Hudson river. The body was found floating in the water off the West Point dock by Edward Brennan, Highland Falls ferryboat operator. Porter and Albert Capicotto, 19, of Newburgh were drowned after their canoe overturned near Bannerman's island during a squall two weeks ago. Capicotto's body was recovered several days ago. A third youth, Charles Fullerton, Jr., 19, also of Newburgh, reached shore safely after swimming for more than an hour.

Losers Coat and Check

Gerald "Jerry" Martin, treasurer of Martin-Moran, Inc., reported to the police that Friday morning, after eating at Cy's Diner, he took from a hanger what he believed to be his raincoat. Later in the day, he told police, he discovered it was not his coat. Returning to the diner, he found his coat was gone, probably taken by the person whose coat he has in his possession. He stated he would like to get his own coat back, for it had in one of its pockets a check for \$266. Martin lives at 295 Albany avenue.

Lilienthal Is Criticized On His Atom Program Laxity

Hunters Under 17 Must Apply to Game Protectors

A new state law effective this year requires persons under 17 years of age who apply for their first hunting license to make application to a game protector.

Notices have been received by the city clerk, county and town clerks that their offices may not issue hunting licenses this year to persons under 17 who have not previously held licenses.

Under the new regulation, the game protector is required to instruct such persons in safe handling of firearms before issuing the license.

Game protectors in Ulster county from whom licenses may be obtained by those applicants under 17 are Henry Bernstein, 173 Pearl street; Roger W. Freudenburgh, 101 Home street; Philip J. Cullen, 16 Derronbush street, in this city; also James H. Overburgh, Lake Katrine; Roy J. Palmer, Saugerties, and Albert V. Roberts, Highland.

The new regulation, passed by the 1949 Legislature, goes into effect July 1.

The old regulation requiring persons 14 and 15 years of age to have the consent of parent or legal guardian will remain in effect.

Szymski Held

Frank Szymski, 26, of 102 Fourth avenue, Kingston, who was arrested by County Identification Officer Leonard Belmore several days ago on a charge of driving a car while his license was suspended, was re-arrested yesterday on a warrant and is being held in the county jail for the State of Michigan Parole Board.

Question With British Foreign Minister

Minister Bevin and Secretary of State Acheson at Paris.

A Tass News Agency dispatch in Moscow early yesterday gave the first semi-official words that Soviet Deputy Foreign Minister Andrei Gromyko had been talking with British and American officials at the United Nations about ending the Greek war. British Minister of State Hector McNeil and Assistant Secretary of State Dean Rusk represented the western powers.

Russia proposed several agreements for settling the Greek situation, including:

- (1) A new Greek election under great power supervision with the Communist guerrillas taking part.
- (2) A great power commission to control Greece's northern frontier and (3) the withdrawal of all foreign (meaning American and British) military assistance from Greece.

A statement issued by the State Department rejected the most important of these suggestions.

It said the United States is unwilling to stop aiding Greece so long as Communist pressure in the north continues. What's more, it said, the Greek situation should be solved in the United Nations rather than by the big powers alone.

The possibility was not entirely ruled out that Soviet Foreign Minister Vishinsky might raise the

Republicans Are Shocked at Lack of Security; Favor Relieving Chairman

Washington, May 23 (AP)—Two Republican senators, voicing grave fears over atomic security, today blasted the administration of the atomic energy program under Chairman David E. Lilienthal.

They spoke out in the latest of a long series of developments centering around the commission's multi-million dollar scientific educational program and the loss of a small quantity of uranium-235 from the Argonne National Laboratory, Chicago.

"The whole lack of security is shocking," asserted Senator Bridges (R-N.H.).

Senator Wherry (R-Neb.), G.O.P. floor leader, said in a separate interview that "I'm still apprehensive of leaving the atomic energy secrets in the hands they are now in."

Probing Program

Both senators are members of a Senate appropriation subcommittee investigating the commission's fellowship program. Both opposed Lilienthal when the Senate confirmed him for the chairmanship on April 9, 1947.

"I believe the evidence vindicates right up to this minute my vote against Mr. Lilienthal," Wherry said.

The congressional criticism of the commission's security practices didn't keep the Senate from confirming Dr. Henry De Wolf Smyth, Princeton University physics professor, and Gordon Vista, Calif., teacher and attorney, as members of the atomic agency yesterday.

But while the two nominations (Continued on Page 10, Col. 6)

Hundreds Are Injured in Battles Around Stations; One Train Is Set Ablaze

Want West Marks

Young Communists Are Sent to Take Over in Pay Fight

Berlin, May 21 (AP)—Twelve thousand striking railway workers fought young Communists east in the role of strikebreakers today in nearly a dozen stations of Berlin's elevated railway.

Hundreds were injured during the fighting, which raged through the morning. The outbreak shut off rail shipments to western Berlin and threatened to force the city back to the austerity of the blockade period.

An elevated passenger train was set ablaze during one melee. Clothing was torn from women who got into the fight.

Western Berlin police said Maj. Gen. Pavel Kvashnin, transport chief of the Soviet zone, was insulted and threatened by a group of strikers at the Tempelhof elevated station in the American sector.

The police said they gave Kvashnin protection from the strikers and he was able to drive away in his staff automobile without physical injury. Another Soviet transport officer of junior rank was stoned by strikers at the Hermannstrasse station, also in the American sector, police said. He was reported not seriously injured.

Fight Over Marks

This is the crux of the situation. The Soviet-appointed Reichsbahn management controls both zonal railroads and Berlin's entire elevated line. Railway workers went out on strike early today to enforce their demands for payment of wages in West marks instead of East marks. West marks are four times as valuable as the Soviet zone currency. East marks are banned in the west.

Fighting broke out when the Russian-controlled management sent squads of militant young Communists, including teen age girls, into the western sectors of the city to "recapture" elevated stations seized by the anti-Communist strikers.

The strikers outnumbered the Communist strike breakers. Both sides fought with clubs, showers of stones and their fists.

Police Help Strikers

Western Berlin police fought side by side with the strikers against the Communists and Soviet-controlled railway police. In breaking up one fight the policemen fired their pistols into the air. That was the only shooting.

Western allied officials maintained a hands-off attitude in connection with the outbreak but were sympathetic toward the strikers. However, one British source said: "This strike can't be allowed to go on too long."

British and American planes of the airlift and trucks continued to supply western Berlin. Although the anti-Communist railway union which called the strike had pledged itself to operate western allied and German inter-zonal trains, switches and signals in west Berlin yards were left unmaneuvered.

This blocked all incoming supply trains from western Germany. A British military passenger train slipped through by running against untended red signals. It was the only train that moved.

Roosevelt Plans On Divorce Secret

Reno, Nev., May 21 (AP)—Ethel du Pont Roosevelt became eligible today to obtain her divorce from Franklin D. Roosevelt, Jr., but her plans were veiled in secrecy.

Mrs. Roosevelt arrived here April 8, under an assumed name. But her identity soon became known. She had hoped the divorce would escape public notice. Young Roosevelt then was in the midst of his first campaign for public office, climaxed this week by his election to Congress from the late Sol Bloom's district in New York.

Yesterday, her attorney, George Springmeyer, asked the press to treat the divorce with "decorum."

"After all," he told a news conference, "Mr. Roosevelt some day may be president of the United States."

(Because the son of the late President was born in Canada, there is a constitutional question whether he could be president.)

Young Roosevelt and his du Pont heiress were married at Wilmington, Del., June 30, 1937. They have two children, Franklin D. III, 10, and Christopher, 7.

A special film, "The Prodigal Son," will be shown during the regular morning service of the Clinton Avenue Methodist Church Sunday. The service will start at 9:45 a. m., and will be in charge of Donald Hyatt, church school superintendent.

The film follows the teaching of Jesus according to the 15th chapter of the Gospel of St. Luke. It emphasizes the idea of God's complete forgiveness of sin upon repentance.

It is built around the story of a wise old farmer, whom Jesus has selected to represent the Heavenly Father, who has two young sons. The youngest, Nathan, pleads with his father for an inheritance and then with the help of others squanders his money.

Reduced to poverty, Nathan, the story continues, returns to his home and asks forgiveness of his father. Nathan told his father, "I have sinned against heaven and in thy sight and am no more worthy to be called thy son." His father's reply is of complete forgiveness.

The film is a complete and dramatic way of teaching the Biblical story and is effective for both young people and adults.

Eminent Performance Given By Young Musicians of City

An eminent performance was given at Kingston High School Friday night when the 200 youngsters of the grade school orchestra and chorus presented their program. The selections traced the progress made as the students study through the different grades of music work. Evidence of superior training behind the scenes cropped up many times during the evening.

This training plus natural talent and not a little practice has starred several of the young people for solo work most praiseworthy.

Miss Lulu-May Roberts arranged the program and directed the instrumental numbers. Miss Dorothea Groves directed the all-grade chorus. Harry Sebring and Madeline Moretta assisted with the instrumental work and Miss Anna D. Quimby and Leonard Stine with the vocal work.

The first part of the program included the advanced grade orchestra, ensembles and solo numbers. The brass, reeds and percussion instruments opened the program by playing a German Waltz and "There's Music in the Air."

This was followed by Mary Whitford, fourth grade student who played the B flat baritone horn in a solo arrangement of the Merry Widow Waltz.

Violin solos showed the various steps in experience and teaching as the students continue in the study of the instrument. Little Dorothy Van Kleef, who has only studied violin for five months, played the violin. Song of Evening, with the full orchestra, Lois Brown played Little Prince solo by Krogman; Marjorie Smith, Overture by Offenbach; Michael Muller, B Concerto by Tchaikovsky; Edward Granberg, This Is What You Ought To Do; and Jane Gunter, concertmaster, Country Dance by Heins.

In order to have the audience participate in the program and also to relax, George Dahl and Jack Ralbe, violins, played a duet of Lavender Blue and asked the audience to sing.

Clarinet solo, Chanson Triste by Tchaikovsky was played by Robert Toller; clarinet duets, Clafito Lindo, Fernandez by two new students, David Brown and Jerome in the parish rooms.

Miss Florence Relyea will be speaker. Mrs. Herbert Darrow will report on the mission work discussed at the Synod. Mrs. Ralph Glendening will be hostess.

All women of the Fair Street Reformed Church are invited.

Miss Roberts noted that Richard Mendel had only been studying trumpet for two months but that he had sufficiently mastered the instrument to play the harmony for the trio.

Dorothy Maines played the lovely cello solo, Valse Triste by Sibelius; and for variety Nancy Day, violinist, played the popular Sibony by Lecuona. Joseph Naccarato and James Polacco provided the drum rhythms for this number.

Those who played piano solos also took turns at accompanying. They included Cameron Ryland, one of the outstanding accompanists with a pronounced feeling for this special art of accompanying; Betty Teller, and Robert Palen.

The Robert brothers were one of the most interesting groups as the three young boys played a hymn tune by Mason. Nicholas Robert, only in the second grade, stood in front and played clarinet; Louis, the drum; and John, the saxophone.

The advanced orchestra played several numbers in different rhythms and moods.

Chorus
The all-grade chorus which numbered more than 100 students seemed to entirely fill the stage. The young singers gave a program of selections to show how singing is taught in the schools from the simple unison songs through the more complex and varied numbers. They also are to be highly commended for their performance and ability.

Following intermission Harold Stessel recited an original poem about the different instruments in the orchestra and as he spoke the curtains parted to reveal more musicians until the entire all-grade orchestra was ready for playing. Several short melodic pieces were used for the entire ensemble.

One of the highlights of the evening and the concluding number of the program was the singing of Rocco Autorino in the full-orchestra number of Skip to My Lou, a mountain dance tune.

The concert closed with the playing of the national anthem. The concert program embracing so many children is a huge undertaking. A visit backstage found the youngsters arranged in various rooms. The instructors were busily calling off names as the young musicians were lined up. Details were checked again and again to make sure the performers would be in proper positions on the stage.

Then so many of the violin strings broke. The rain weather affected the strings and some of the best violinists were out of several numbers until new strings were placed on the instruments.

And that large chorus sat most quietly in a study hall a short distance from the auditorium, for more than an hour while a portion of the program was presented.

So much goes to the music teachers and their assistants for working with these youngsters.

Colonials Face Waterbury Timers in Three Week-End Games at Stadium

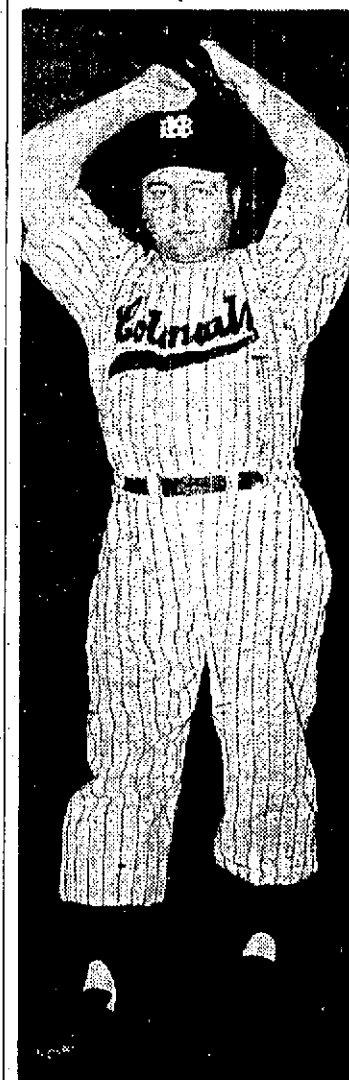

Harry Petty Starter In Opener Tonight

Rained out in Waterbury last night, the revamped Kingston Colonials open a three-game series with Bert Shepard's Waterbury Timers tonight at municipal stadium.

A twilight-night doubleheader starting at 6:30 p. m. is scheduled for Sunday.

The former Washington Senator hurler who lost a leg in air action over Berlin during the war is expected to appear in one of the games against the Colonials.

Starts Tonight

Manager Jule Laviano elated by the getway 53 win in Bridgeport and the errorless performance in consummation thereof, plans to send portly Harry Petty to the mound.

Ray Rlescher and Danny Rourke or Frank Demeri are the probable Sunday starters. Petty has three losses in the record books but has yet to pitch a bad game. On two occasions his teammates booted the contest away.

Colonial faithfuls will note that their favorite has undergone a face lifting since their last appearance here. Pete Elko has been shifted from third base to right field and Gerald Murray, who started the campaign in the outfield is temporarily at the hot corner.

A new first sacker, Frank Granato, a six foot two inch right hander, will make his local debut. Laviano is trying him at first base in place of Frank Oliver who did a workmanlike job in his few starts.

With their fielding flitters apparently licked the Colonials may be ready for that long haul toward the top of the league. The three-game set against the Waterbury Timers gives them the chance to open up yardage between fifth and sixth place. The other slots are still six games away in the loss column.

Seek Replacements
"We're still seeking that top-flight hurler, a third sacker and a heavy outfielder," President Ted Laviano said this morning. "We may come up with the pitcher in a few days and there is a possibility that the Scranton club of the Eastern League will send a first sacker here."

Elko, an established ball player who just couldn't untrack himself at third base, celebrated his transfer to right field with a pair of safeties against Bridgeport. Johnny Dlenchin also was hot with a triple and two singles. "Digger" O'Dell is in a slump but the home surroundings may be just what the doctor ordered.

All other action in the Colonial League was washed out last night.

In the ROUGH

By CHARLES J. TRANO Sports Editor

Bagatelles:

Clarence "Dubby" Raichle's pronouncement that he expects to win the 1949 city golf championship obviates the necessity of the annual tournament at Twaalfskill and Wiltwyck. Messrs. Frank Stone and Burt Haver have now only to make plans for the annual championship dinner and present "Dubby" with the trophy. Funny thing about this Raichle guy, one of the longest hitters in local history, he might do it, if he takes the game seriously enough.

Colonial League Capers:

Attendance has been low throughout the Colonial League due to inclement weather. We think May 15 would be a more suitable opening date for a loop which relies entirely on aridlight baseball. Infielder Neil Conway and catcher Don Conway of the Waterbury Timers comprise the only brother act in the circuit. Stamford's manager, Joe Glenn, ex-Yankee and Boston Red Sox catcher, caught Babe Ruth in the Big Guy's last pitching stint, against the Red Sox in 1933. Johnny Gentile, business manager and part owner of the Stamford Pioneers, played the infield for the Port Chester Clippers in 1947. Glenn and rookie catcher Bill Swiacki, ex-Columbia All-America football player, will be interviewed over Joe Hase's coast-to-coast ABC network sports show on Monday, May 23, from 11:15 to 11:30 p. m. Ollie Byers, Bridgeport Bees manager, fired a player on the spot in Kingston last week. Seems the fellow reported to municipal stadium with an overdose of coke.

Flotsam and Jetsam:

Walt Kowalski's 375-foot homer recently broke up a 10-inning Piedmont League game between Newport News and Norfolk. Kowalski, the 1947 Class D favorite in Kingston, is playing left field and batting fourth for the Newport News club. Wes Westrum with nine home runs, including two grand slams, is heading back for you now where. Reports that excessive ginger ale caused Westrum's slump and eventual departure from the big show in 1948 are greatly exaggerated according to George Palmatier, Poughkeepsie sports editor. Anyday now "Eg" Gill, the aviator-golfer of Newburgh will challenge the field for the Hudson Valley scribes title. A postcard here says: "Can anyone remember when Bob 'Giants' Thorne made the lines by virtue of a hit in the old City League?" . . . Can you help us on that one?

BETTER LATE THAN NEVER DEPARTMENT—Way back

on May 9, a roundup on bowling attributed high series honors for the Twilight Mixed League to Joe Rizzo. It appears to have been a hoax. The actual leader was Vince Burns of the Colonial Cleaners who shot 621 with 186, 232 and 203. It was the first "600" triple in Vince's brief career. Sorry we loused it up.

SIGAL NOTE—John MacLellan reports that the Summer

Classic League at Ferraro's will not entertain at the usual post-season clam bake. The one they had Tuesday night apparently will suffice for one season. A hot bowling rumor that is sweeping the town is causing many an eyebrow to be lifted these days.

Of Men and Mice:

George Barbely, a Peekskill golfer, set a new amateur record at the sporty James Baird course in Freedom Plains with a par-equaling 71. The pro record of 70 is held by Gene Sarazen, who fired it on opening day. Buddy Smith is competing in the 120 yard high hurdles, 220-yard low hurdles, high jump and javelin throw with Ithaca College. And Billy McCarthy, the former Highland High pitching sensation, is the No. 1 finger at Ithaca. A few days ago he mesmerized Syracuse's Orange with four safeties. Jim Pruden created a stir in the Twilight Mixed League by rolling six consecutive perfect games . . . not perfect scores. Do you know the difference?

MULLIGAN MIKE SAYS: We have "untouchables" in America, too—the guest towel in the bathroom.

Golf Clubs Plan Week-End Tournaments

Twaalfskill Golf Club will feature a two-ball mixed foursome on Sunday, May 29, at 1:30 p. m., followed by a buffet supper for which reservations must be made. Wiltwyck Golf Club has a gala informal opening and "surprise" tournament this week-end.

## Ulster Boys Going To Empire Boys' State at Colgate

Eight boys from Ulster county will attend the 1949 American Legion Empire Boys' State to be held at Colgate University, June 26 to July 2. The quota set by the American Legion Department of New York was filled Thursday when the eighth completed application was received from Woodstock Post.

Empire Boys' State is a citizenship training program designed to meet the needs of your youth and to give them an insight into the democratic form of government.

Its purpose is to inspire and instill a deep sense of responsibility in our youth by educating them in the principles of democracy and by teaching them the duties, privileges and rights of American citizenship. The program at Boys' State has been founded on the "learn by doing" concept. By actually operating their own government the youngsters will learn Boys' State with a clearer view and a higher appreciation of the functions of our various governmental agencies.

As nearly as possible, the government of Empire Boys' State is patterned after the city, county and state governments of the state of New York. It is a pure democracy in that all citizens may vote and are eligible to hold office. Boys' State has been aptly described as a laboratory of practical political science.

To be selected, boys must be 15, 16 and 17 years of age and juniors in high school. Those who will return to school in the fall and have the following qualifications are eligible: A learner type of boy; mentally alert and physically clean; honest; good personality; vigorous, cooperative and enthusiastic; good citizenship. The selections of the boy is left to the discretion of the sponsoring Legion Post but steps are followed that include the consultation: in the high school principal and in the high school faculty and in the high school committee.

As in the past two years, the county organization of the Legion will tender the boys selected and the Post Boys' State chairman, a testimonial dinner shortly before leaving for Colgate. Authorization for the continuance of this policy was given at the last county meeting. This event has proven very satisfactory for the boys to become acquainted and it also gives the County Boys' State chairman an opportunity to make arrangements for transportation, etc.

On the application, the high school principal who must sign the application certifies the grades of the boy selected and the overall average of the eight boys selected is 88.8 per cent.

Following are the boys, sponsoring posts and schools: Lloyd Post, 193, Highland; Angelo R. Capozzi, Box No. 240, Highland; Highland Central School.

went through with scarcely a murmur of opposition, Wherry set off a flurry of criticism of the commission when he disclosed that Dr. Isidor Edelman was awarded a \$3,750 fellowship to carry on medical research at Harvard University, after being denied atomic security clearance.

Lilienthal, testifying before the appropriations group at the time, said the young doctor is not a Communist, but failed to get clearance because of certain "degenerative information" about him in the F.B.I.'s files. Lilienthal refused to say what that "information" was.

Dr. Shields Warren, the commission's director of medicine and biology, said Edelman was named by the National Research Council to do non-secret atomic research because it felt he showed "extraordinary promise." The council administers the fellowship program for the atomic agency.

**Wanted to Hear Reds**  
In Cambridge, Mass., Edelman accepted invitations to appear next week before both the appropriations group and the Senate-House Atomic Energy Committee.

The 29-year-old scientist said that in 1943 he and his wife became interested in "finding out what the Communist party had to say" and attended a couple of meetings. He said his wife "may have been given a party card," while he himself received an application blank, but doesn't recall whether he signed it.
